# *Embrace the passion ...*

As the leading manufacturer of design-fireplaces for wood and gas, we have been committing ourselves for years to offer our selective customers, contemporary design combined with innovating technologies.

Extensive market research, production in compliance to the highest European quality standards, and our ambition to answer our customers' needs, make our products unique and enable a flawless integration in all architectural concepts.

In completion to our existing wide range of contemporary products, M-design has the pleasure of presenting you the new M-Design Giardino line.

The M-Design Giardino 'Luxury outdoor collection' has been developed with special attention to quality, functionality and ambience.

'Inspired by the power of Fire, and our Passion for design', the M-Design Giardino collection, offers you the widest range in the market for high quality outdoor fireplaces.
